M-Coffee alignment result

MSA

The multiple sequence alignment result as produced by T-coffee.

T-COFFEE, Version_11.00 (Version_11.00)

Core/TCS

Evaluates your Alignment indicating the local reliability

ProtoGene

Turning amino acid alignments into bona fide CDS nucleotide alignments

MSA hub

MyHits: a new interactive resource for protein annotation and domain identification

JalView

Open this alignment in the [Jalview](#) viewer

ESPrpt

ESPrpt server renders sequence similarities and secondary structure information from aligned sequences

Info

Some information about this alignment job

Mode: M-Coffee

Request ID: eda2de7c

Created at: 27 Feb 2026, 04:02 (CET)

Elapsed time: 1 min 40 sec

Expiration at: 09 Mar

Command Line

This is the command line used to execute your alignment. You can use it as reference to run this alignment on your desktop.

```
t_coffee -in=data_a6f37536.in Mpcma_msa Mmafft_msa Mclustalw_msa Mdialigntx_msa Mpoa_msa Mmuscle_msa  
Mprobcons_msa Mt_coffee_msa -output=score_html clustalw_aln fasta_aln score_ascii phylip -tree -maxnseq=150 -  
maxlen=2500 -case=upper -seqnos=off -outorder=input -run_name=result -multi_core=4 -quiet=stdout
```

Replay

Change some input parameters and resubmit this alignment [clicking here](#).

Are you a T-Coffee guru? You may want to use the full featured T-Coffee [command line options](#).

Feedback

Give us feedback about T-coffee web server

Are you satisfied with this result? Do you like this alignment server? If so recommend it using Google+1 or Facebook.
